

WAREHOUSEMEN TO TALK TO ORGANIZERS

Meeting Called For Next Tuesday To Discuss Taking Over Various Houses

Richmond tobacco warehousemen will go to Lexington next Tuesday to attend a meeting of the warehousemen from all over the Kentucky district, at which time they will confer with the warehouse committee of the Burley Tobacco Growers' Cooperative Association in regard to the sale, lease or rental of their property to the association for the handling of the tobacco crop pledged to it in the campaign which closed last night and which resulted in a 84.85 per cent of the crop being signed to the association.

This was a development from the meeting of the seven committees of the association, presided over by Judge Robert A. Bingham, Wednesday night to make the preliminary arrangements for the starting of the association in business, says the Lexington Herald.

The warehouse committee, headed by Chairman Ralph M. Barker, will go to Lexington to confer with the warehousemen of the district and to see that all of them the following telegram.

"Please meet the warehouse committee of the Burley Tobacco Growers' Cooperative Association at the Phoenix hotel ballroom in Lexington, Ky., Tuesday, November 22, at ten o'clock a. m., and bring with you such data as you have indicating the market value of your property which you may wish to sell, lease or rent to the association. Please send this data in written form to the committee for consideration." Ralph M. Barker, Chairman.

The committee on districting, which will make its report today, through its subcommittee, the most arduous of any in the execution of the financing committee. The committee is in session all day, going over the districts carefully, changing and rechanging, so that there would be just and equal representation, and last night had a meeting to discuss an adjustment suggested by all as satisfactory and final.

That the growers will want more money when they deliver their crops to the association, and the committee on financing will have the duty of providing the means to insure the advance and finance the association generally.

Most of the members of the organization committee met on Tuesday in committee work, left for their homes yesterday and night. All talk back with a message of confidence from Judge Bingham, Vice Chairman James C. Stone and Organizational Manager Joseph Passon, and of appreciation of what the growers themselves have done to make possible the association.

Arion Sapiro, California lawyer, who drew the contract of the association was in conference with and advising the leaders of the movement throughout the day and will have supervision of the steps taken preliminary to the permanent incorporation as well as the actual incorporation in North Carolina.

The committee on legislation did not report today, but it is known that this committee will recommend the bill prepared at the instance of Judge Bingham, making such associations and their operation legal in Kentucky.

BRITISH DECLARE FOR "OPEN DOOR"

In China and Are Backed By French—English Stop Battleship Construction

(By Associated Press) Washington, Nov. 18.—With the arms conference in adjournment, various national groups further developed in consultation among themselves today the policies they will follow in Far Eastern questions and limitation of armaments. The British, following the French lead, today let it be known that as the cardinal principle of their attitude, they stood ready to perpetuate the "open door" in China and relinquish extra territorial rights there as soon as China's development warranted and the Chinese to assume their place in economic influence in the world. It is fully expected that Italy will take the same position.

The Japanese, however, are framing a detailed statement on the basis of the Chinese declaration for United States officials. They merely pointed to their government's traditional policy as an incident to the arms conference.

A London announcement today said construction has been stopped on four battleships of the Hood type, the practical effect of which was said to mean cessation of all building work, pending the outcome of the Washington conference.

YOUNGSTER CONFESSES DOUBLE MURDER

Saginaw, Mich., Nov. 18.—Ralph and Christopher, 22, who last night confessed to the shooting and killing of a brother and a brother-in-law, were taken to the prison after a plea of guilty in court here today.

Youngster confessed to the killing of his brother, Chris Thompson, a school teacher, 44, who died of a heart ailment with his parents over their objection to his marriage to the girl. They objected to the marriage on account of the difference in religious beliefs. After the shooting the fourth said he set fire to the house to conceal the crime. The delinquent does not permit capital punishment.

Mr. Palmer owns a farm across the river from this place. It is understood. The price was considered an exceptionally good one, considering the location of the place. Col. Jesse Cobb cried the sale in his usual effective style.

SENATE PASSES ANTI-BEER BILL

(By Associated Press) Washington, Nov. 18.—The final legislative step for the outlawing of beer and malt liquors for medicinal purposes was taken today by the Senate. By a vote of 50 to 22 the Senate adopted the conference report on the so-called anti-beer bill and the measure now goes to the president, the House having acted some time ago. Twelve republicans and ten democrats voted against the conference report. The bill will set aside the ruling of former Attorney General Palmer, who, two days before he retired, advised prohibition enforcement officials that there is nothing in the Volstead act to prohibit beer and light wine prescriptions for medicinal purposes.

The establishment of a Baptist hospital was put in the joint hands of the State board and the hospital committee.

(By Associated Press) Frankfort, Nov. 18.—Charles H. Judge Quin, whom Moorman succeeds, and who was elected mayor of Louisville, was in the audience in the court room.

Recipe For Success

Take equal parts of ambition, purpose, and courage, and add the yeast of knowledge, perseverance, and determination.

To this add an abundance of "pep," tact, honesty, originality, and aggressiveness. Then flavor this according to taste with the essence of cheerfulness, sincerity, and the extender of optimism and kindness.

After flavoring is added, mix thoroughly by stirring with an iron will, propelled by a 150 horsepower resolution, and let boil forever over the fire of inconquerable spirit. Clifton Fugate, U. K. S. N. S.

PHONE COMPANY GOES INTO COURTS

Effort To Prevent Going Back To Pre-War Rates In City of Richmond

The Cumberland Telephone & Telegraph Company has gone into the courts to stop the recent increase in rates ordered by the Richmond city council.

Attorneys for the phone company have filed an action in federal court which will be heard by Judge Cochran at Frankfort Monday to prevent the city going back to the pre-war rates.

Grounds relied upon by the phone company are two in number. In the first place, the phone company alleges that the pre-war rates are confiscatory, that they are so much in excess of the cost of operation as to be confiscatory in the meaning of that term.

In the second place, it is alleged that the action of the council in ordering pre-war rates is a violation of the contract with the city, which provides that the phone company shall be entitled to a fair and reasonable rate.

Much public interest will attach to this suit. The city council ordered the phone company to return to its pre-war rates a few weeks ago. The company has endeavored to secure reconsideration by the council, but failing to now carry its case into the courts.

DEER SIGHTED ON BAKER FARM

Visions of venison steak caused local hunters by the score to file on the Lancaster pike early Friday morning.

Reports came in that a deer had been seen on three or four miles from town and dozens of local hunters with shotgun and rifle hastened out to the chase.

R. S. Baker, three miles out on the Lancaster pike, phoned the Daily Register shortly after noon that a large buck deer had been sighted on his farm. It is believed to be one of the herd of deer that was released on the state game reserve in Bell county a few years ago.

Mr. Baker said that for several days his mules in a pasture have been acting nervously. Friday morning he saw the deer. It seemed to be a large buck, with horns two feet across. The deer was first sighted near the sulphur well. Mr. Baker said it jumped the fences as if they were not there. He said the deer went over them "like the cow jumped over the moon."

The big buck jumped into a field with the mules. Mr. Baker said, and the mules scattered, apparently scared to death. The deer soon disappeared out in the pasture, taking fences as if they were insignificant obstacles. The mules were snorting about, searching and seemingly very much frightened.

Local sportsmen went out when word of the deer came in but so far as known, no one as yet has had a shot at him. There is some question whether it would not be a violation of the game laws to shoot this deer. Quite a herd of deer was placed in Bell county a year or so ago on a government game preserve. It is believed this one has wandered out of the mountains down into the blue grass.

GARY WANTS ANTI-WAR TREATY, TOO

(By Associated Press) New York, Nov. 18.—Negotiation of a treaty which would prevent future wars is urged in conjunction with the agreement to limit armaments by Elihu B. Clark, chairman of the United States Steel Corporation. Based in an address today before the American Iron and Steel Institute, of which he is president. He also belittled the suggestion that armament limitation would reduce the manufacture of steel, saying "the thought of any curtailment of passing notice." He asserted that failure of the arms conference is unthinkable. Adverse outcome would be intolerable and those responsible for it should be everlastingly condemned. Pursuing another line of thought, he said business is improving but there must be further adjustments.

KANATZAR NEW HEAD OF FOX HUNTERS

Madison county fox hunters were, of course, much pleased with the selection of J. L. Kanatzar, of this city, as president of the National Fox Hunters' Association at the annual session at Clark Orchard this week. Mr. Kanatzar is one of the most enthusiastic sportsmen in the state, and a big breeder of fine hounds.

J. W. Mangan, of this city, who always made good as secretary and treasurer was re-elected a matter of course. Other officers elected were: Woods W. Lee, of Palm Beach, first vice president; W. A. Wader, Versailles, second vice president; J. H. Walker, of Alabama, third vice president; and W. K. Herrington, of Mississippi, fourth vice president.

Lanette, the hound of Len Shouse, president of the Eastern Hunt Company, led at the end of the second day's running of the all age stake. The kennel of Mr. Shouse also holds second place, with Sweep close behind the leader.

S. L. Woodbridge, of Versailles, and Jasper Manum, of Versailles, are tied for third honors, with the dogs Cleo, a matron, and Jose. Eighty-four hounds were entered in the stake, which began Wednesday morning, and 20 remain for the final day's hunt Friday. Points are scored on the basis of D.M. driving, courage, hunting and trailing.

(By Associated Press) Charleston, W. Va., Nov. 17.—West Virginia's tobacco crop will total 6,825,000 pounds this year, estimates of the condition of the crop on November 15 made public by F. H. Bryant, United States Bureau of Markets and Crops. Estimates statisticians are borne out in the final result. The crop last year totaled 10,400,000 pounds. Seven counties reported on the condition of tobacco for the November report. These and the number of pounds per acre the reporters estimated they would produce were: Cabell 800; Kanawha 500; Lincoln 900; Mason 700; Putnam 650; Wayne 850; Boone 700.

AMENDMENTS ARE HOPELESSLY BEATEN

Frankfort Educators Will Now Seek To Have Legislature Pass New Law

Frankfort, Ky., Nov. 18.—Hope for the two constitutional amendments have been abandoned by their friends.

Only fourteen out of 62 counties, reporting to Secretary of State Fred A. Vanghan, supported them.

The vote stands in the 62 counties: For amendment No. 1, 20; 323; against, 62,843; for amendment No. 2, 2,965; against, 58,597.

Disappointed in their efforts to amend the Constitution, some educators of the state, it is understood, will go before the General Assembly, with a plan to abolish at least three boards and create a State Board of Education, neither partisan nor exclusive, which will exercise supervisory powers over the Department of Education, and co-operate with the State Superintendent, instead of hampering his policies with a division of authority and responsibility.

One of those to be merged into the single board of course is the State Textbook Commission. The scandal connected with the last state adoption has died out, and educators are weary of the folly of a group, however technically qualified, attempting in a few exciting days to revise a thousand different texts and select the best. The plan which meets with general approval, is for the State Superintendent to employ professional advisers to be continually criticizing textbooks, and to submit to the State Board of Education a list of five or six texts on each subject with a carefully analyzed.

The adopted list then can be submitted to local boards, for them to select texts they like, a provision being made that when a child removes from one county in city to another, where a different text is used, he may exchange the textbooks at a fixed valuation.

The Vocational Education board which has charge of the state and federal funds for vocational work, would be merged into a new board, which also would be given control over the state examiners. This board would certify teachers for all the schools of the state, away with about fifty existing certifying agencies.

Schliesmann's Saxophone Sextette Coming Monday

It is not often that an opportunity is offered the music lovers of Richmond such as will be presented at the Opera House Monday when Schliesmann's Saxophone Sextette is the attraction and it promises to be the best musical attraction of the season. The management was able to secure this talented organization for one day engagement for a figure which possibly sets a new mark for high class attractions locally. They are to be complimented for their desire to give patrons the best obtainable.

Schliesmann's Saxophone Six is composed of finished musicians, who render a program of selections on saxophones ranging in quality from jazz to grand opera. Their imitation of a pipe organ is said to be a revelation. A black faced comedian enlivens the entertainment with his wry antics and is claimed to be irresistible in his efforts to coax laughter from his audience.

IOWA TOWN HAS NO CHURCHES OR JAILS

Davenport, Iowa, Nov. 17.—There are two institutions that Walcott, Iowa, the richest town per capita in Iowa, lacks. It lacks churches and jails. In its religious belief, Walcott is unique. Few more than 20 years ago the town had a jail but like its only church, built in 1865 and which cost \$10,000, it was put in the discard. While the jail building still stands, there is no vestige of a church edifice. But there are no locks to the jail and its hinges have rotted off. It is never used.

"We are free thinkers and have in free American citizenship seven days a week. We do not need preachers to dictate to us. We are better off without them," states Mayor Stroehen in expressing Walcott's lack of churches.

Mayor Stroehen states that while any denomination has the privilege of establishing a church in Walcott, the people simply will not patronize them. They would have empty pews and empty collection baskets every Sunday.

"We are getting along very well as we are—much better than with churches. We like to be let alone. There is no more peaceful or law-abiding town in United States than Walcott. Why should we want churches? They bring strife and dissension. We want peace and quietude," commented the town's popular mayor. It's no secret how Walcott residents spend their Sabbaths. "Shows and dances are our principal amusements," says Mayor Stroehen. "Then in summer we enjoy baseball and automobile riding."

In case of weddings, most of the couples come to Davenport and look up a justice. In very rare instances a minister of the gospel is called in.

Most of the funerals in the town are conducted by Johannes Krueger, who delivers the oration in either German or English as the mourners desire. Mr. Krueger possesses no church affiliations or religious beliefs. In other words he is a pastor without a creed. Baptisms are unknown in the town.

In a business and commercial way, Walcott is a thriving town. It has two banks with combined deposits of over \$1,500,000. It is a remarkable showing when it is considered that the population of the town is but 831. It has a consolidated school system, no more in this part of the state.

Recently the citizens erected a fine public auditorium. There, chautauques and musical entertainments are held on week-ends and dances on Sundays.

A beautiful program was given by the members of the Mary Pattie Club Wednesday afternoon, when Miss Let Wells was hostess and leader. A most delicious two-course luncheon was served, the hostess being assisted by her mother, Mrs. L. M. Wells, Mrs. C. H. Park, Mrs. J. C. O'Brian and Mrs. S. P. Deatherage. THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, back and aches, back, your neighbor's recommendation. Read this statement:

Mrs. Thomas Lane, of Moberly, Mo., writes: "I have taken Doan's Kidney Pills for attacks of kidney trouble and I think they are fine. When my kidneys are weak, I have backache and pain in my side. I also have a dull, aching ache right across my loins and I feel tired and languid. If I stop over I get dizzy and colored spots come before my eyes. I feel so miserable I can't do my housework as I would like to. When I have these attacks I take Doan's Kidney Pills and they always give me quick relief in every way."

One at all dealers. Foster-McMillan Co., Mfgs., Buffalo, N. Y.

MINE BOSS SAYS HE WAS HELPLESS

Arizona Man Was Simply Dazed and Out and Couldn't Even Move Himself—Feels Fine Now

Harry E. Scott, a well known mine boss, whose address is R. 1853, Louisville, Kentucky, writes: "I was dazed and out nearly all the time with rheumatism and finally got to where I could not move, even to feed myself. My wife thought I would never get well again, and I felt very much better than anyone else."

"I was absolutely helpless when my wife started caring me. I lay in bed and in four days I ate a hearty meal for the first time in many months. I feel better than I have in years and I'm back on the job working hard and feeling just fine. I have gained eighteen pounds."

The markets were somewhat unsettled during the week but at the close prices were fractionally higher to lower than a week ago. LOCAL FANS WILL SEE CENTRE GAME

A large number of local football fans will attend the Centre College-Washington and Lee University football game at Louisville Saturday.

Danville, Ky., Nov. 18—"Rain formations" were the order of the day in the Centre camp Thursday. Although the field was under a half inch of water, and a driving rainstorm was raging overhead, Coach Moran sent his squad through one of the longest practice sessions of the year. Three teams participated in the signal drill that lasted until dark. Kubale was the only center who managed to pass the mud-soaked ball with accuracy. Kube declared going out on the field that he was partial to mud, as his former high school eleven, Fort Smith, Ark., played practically every contest last season on soggy gridirons.

Coach Moran announced that every man of the squad would be taken to Louisville. Today's workout was set up an hour to permit the players to catch the afternoon train which will put them in Louisville at 9 o'clock. At a conference of the coaches today it was decided to change the plans and send the men down Friday afternoon. The Centre team showed the ill-effects of a morning train ride when they met St. Xavier in Cincinnati, several weeks ago. The men did not find themselves until the last quarter and as a result the Catholics pushed over a score in the opening quarter.

The officials for the Louisville game are Knight, Dartmouth, referee; Marley, Kenyon, umpire and Easton, Virginia, head linesman. Marley officiated in the Centre-Virginia Poly engagement last November, but it will be the first appearance of Knight and Easton in Kentucky.

Centre expects to meet everything against Washington and Lee and demonstrate to the spectators just how it whipped Harvard and Auburn. The coaches and players are not worrying over the future game on Thursday, giving day as they figure the match will not furnish any stiff opposition and will not respect Louisiana State Saturday. But was shooting forward passes this afternoon through the rain with all his customary accuracy, while Terry Snoddy accepted fourteen out of fifteen passes that bore his label. If Terry could do nothing but take forward passes he would be a great asset to any team in the country.

This little bit of advice may help you to regain your Health, Strength and Vitality

Thousands of people suffer from nervousness. They are run down and miserable without knowing the reason why.

They do not stop to think that much of their trouble may be caused by drinking tea and coffee which contain the drugs, their and caffeine. When you over-stimulate the system for any period of time, the result may be nervousness with its many accompanying ills. You may fail to sleep properly and your sleep does not refresh you as it should.

Postum, made from scientifically roasted cereals, will help you to overcome all these conditions. For it contains only healthful substances, instead of drugs, as are found in tea and coffee.

Postum helps build sound nerve structure, by letting you get sound, restful sleep.

In flavor, Postum is much like high-grade coffee. In fact there are many people who prefer Postum for its savory flavor, alone.

Order Postum from your grocer today. Serve this rich, fragrant beverage for the family. See how the children will like it, and how much better everybody will sleep at night.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health—"There's a Reason"

Last Spoonful Same as the First

Calumet is made under such exacting conditions—packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.
